3 July 1956

MEMORANDUM FOR: Deputy Director (Intelligence)

ATTENTION:

SUBJECT: Foreign Travel Requirements

REFERENCE: [redacted] dated 28 June 1956

25X1

1. The attached plan submitted by [redacted] seems to be adequate with one exception. Mr. Bissell has just authorized personnel in Aquatone, the Detachments and Consultants to be given TALENT materials on a need-to-know basis. By 16 July the principal supervisors will file with the CIA TALENT Control Officer the names of those persons who it is anticipated will have a need-to-know. These individuals will then be given a briefing and requested to sign a security agreement by the CIA TALENT Security Officer, [redacted]

2. Headquarters personnel have and will continue to have a need to make frequent trips overseas and for this purpose proper security functions have already been established. Accordingly it would seem to me unwise to require the Aquatone administrative office to file with the CIA TALENT Security Officer information as proposed in the referenced memorandum. Accordingly, I suggest that Aquatone personnel be considered an exception to the referenced memorandum and that no filing of data regarding travel of Aquatone personnel be required in the event that they also have had a TALENT briefing.
